Eshraghi
FARMS

Happy Holidays!

Eshraghi Farms has been producing Christmas wreaths, garlands and other florist quality greens since 1985 here in Oregon. From our humble beginnings making wreaths in a garage, we have grown into a substantial producer here in the Northwest. We ship all over the US and Canada, using high elevation Noble Fir, which is responsibly harvested from sustainable forests. This high elevation fir has distinctive bulk, better color and provides excellent needle retention. Our products use highlights of Incense Cedar, Juniper, White Pine, Western Red Cedar, Ponderosa Pine Cones and decorative berries. Thank you for your continued support over the years and your interest going forward with Eshraghi Farms.

Best regards,

Linda

Holiday Wreaths
